

ROLL A POOL OF d10s: ATTRIBUTE + SKILL (Powers: ATTRIBUTE + POWER RATING)

- Natural 10s explode recursively. A natural 1 cancels one success. Botch: more than half the ORIGINAL dice show 1s.
- Traits above 10: roll max 10 dice per trait; each point above 10 is an automatic success. Zero pool: one desperation die.
- Opposed: net = yours minus theirs; defender wins ties. CRITICAL at 5+ net. Modifiers cap +5/-5; Teamwork +5 separate.
