SETTING IN ONE BREATH

Year 3025. The multiverse collapsed 50 years ago; six galaxies unified under A.E.G.I.S. — and it never gave power back. P.A.R.A.G.O.N. is its superhuman army. The Zero Ascendancy Policy outlaws all independent powers. Independent heroes are taught as terrorists. You are the Vigilantes. You are illegal. You protect people anyway.

KEY TERMS

A.E.G.I.S.	Astral Expanse Galactic Interlink System — six-galaxy command authority.
P.A.R.A.G.O.N.	Superhuman military branch of A.E.G.I.S.
Zero Ascendancy Policy	No independent superhuman power outside sanctioned authority.
Prime Convergence	The multiverse collapse into the Prime Universe, 50 years ago.
Broadcast War	The public, streamed defeat of the old heroes 25 years ago.
